SUNOL, May 27—Thursday afternoon Mr. Cardozo was driving in town with a span of horses and a Thoroughbred. He was immediately picked up and taken to his home, where the team went on, but the horse was badly injured. A buggy crew, by doing considerable damage, and finally ended by breaking the postoffice window.

ENGINEER FRICK CANNOT DRAW SALARY.

Judge Ellsworth has issued an injunction to restrain Edward Frick, a locomotive engineer, from drawing his salary while the suit for maintenance brought against him by his wife is pending. It is claimed that Frick deserted his wife and refused to contribute toward her support. She is an incompetent, but her guardian, Clarence Haines, is suing Frick for \$40 a month for her support and \$20 a month for medical attendance, as well as \$20 for attorney's fees. Frick receives \$100 a month.

LIVERMORE TO CELEBRATE.

Committees are Named
to Plan for the
Affair.

LIVERMORE, May 27.—There will be a Livermore celebration here on the Fourth of July. The people of this town have voted \$200 for the celebration.

The committee held a meeting Wednesday evening, and decided to have an old-fashioned celebration. There will be no fireworks, parades, patriotic music and fireworks, to be followed by dancing in the evening.

Two entirely new features have been planned. There will be a women's tournament. Teams will enter from Livermore, Pleasanton, Hayward and San Leandro. In addition there will also be a local representation of an old-time horse holdout.

NEWS NOTES

The unusually heavy rainfall for the past few days has played havoc with many of the farmers, and should it continue the damage will be immense. Several hundred tons of hay have been cut and are exposed to the full force of impetuous winds. The weather turns warm and dry, this hay can be quickly turned and saved. A great many fields of the barley are reported as killing from the moisture and it will be considerable damage to cut it. The wheat fields are damaged but little. The rainfall for the storm is nearly three-quarters of an inch.

H. P. Gordon of Oakland was in town yesterday.

H. B. Gordon of San Francisco, whose farm is about six miles east of this place, planted fifty acres of red oats last winter as an experiment. The grain is maturing nicely and the crop will turn out beyond all expectations.

Under the new time card taking effect today the train from San Francisco passes here at 11 A. M. It is scheduled to stop at this station. By this we lose one car from the west, which will help to relieve the congestion at H. M. Possibly the railroad company will arrange to have this train stop here for our convenience.

Miss McKim's special train did not pass yesterday afternoon, and there was considerable disappointment among the crowd hanging around the depot all day.

The City and County men of Oakland and San Francisco will give a picnic at Fairview or Benbow in Niles on Thursday. A number of Livermore people will drive out to participate in the festivities.

The game given by the ladies of the Presbyterian church last Friday evening was a success in every way. A large crowd was in attendance and a handsome fund was secured for the church.

D. C. Waldenburgh left for the Klondike on Thursday.

W. F. Lister is home from Stanford University on his vacation.

PLEASANTON

PLEASANTON, May 27.—A. O. Vandoren and family attended the A. O. U. W. picnic at Fairview Park Thursday.

Miss Minnie Bizz and her cousin spent Thursday in Mission San Jose.

Miss DeLeon of San Francisco was in town Wednesday.

H. DeLeon, who has been visiting in San Francisco, returned home Thursday morning.

Mr. Lund spent a few days in Oakland last week.

Dr. Cope and wife left Friday afternoon for a week's visit to Hollister.

Mr. Casterson and daughter Laura spent Friday in San Francisco.

Mr. Casterson and family are moving into the Bremer cottage on St. John street.

A Coffey visited Sunday Thursday afternoon.

Mrs. Mable Martin and Miss Florence Lester visited in San Francisco.

Some of the town people had the benefit of the town water this week.

PORTUGUESE HONOR THE HOLY GHOST.

The Feast of the Holy Ghost, the great annual festival of Portuguese Catholics in this State, was solemnly observed yesterday in the Portuguese Catholic church of this city, and in a special manner in St. Joseph's church at Chestnut street in this city. Rev. A. D. de Campos, pastor of the church, celebrated high mass and delivered a sermon suitable to the occasion. The morning hours were another heavy rain and the host was carried in a truck to the church, the band of music following in other carriages. The maidens who were to attend the host were also compelled to ride to services, but as the car was on the road and the religious celebration being over, the young members of the congregation returned to West Oakland, where they gathered and later occupied two halls in dancing until a late hour.

The children were prettily attired for the exercises and presented a most attractive appearance.

The services of this festival in the church of the Sacred Heart, at Aldon St. Leander in San Leandro, at which St. Leander churches at Hayward and Pleasanton, were very impressive.

WERE YOU EVER BITTEN BY A WILDCAT?

The oil sharks promoting wildcat are flooding the East with glaring newspaper advertisements, promising golden dividends and sudden wealth. Monthly dividends of 2 per cent are offered. The privilege of exchange for other worthless stock later on. Thousands have been swindled by these unprincipled jokers, whose sole object is to separate fools from their money. ONLY PROVEN WELLS WHOSE PRODUCT IS SOLD MAKE DIVIDENDS LEGALLY POSSIBLE. Conservative investors in California oil properties are reaping fortunes, while these advertising highwaymen are deliberately stealing fortunes from their victims. Shall these plunders get any of your hard-earned money made, and millions more can be made in California oil if YOU WILL BUT USE YOUR BRAINS AS WELL AS YOUR MONEY.

STOCKS SECURED BY GOLD BONDS.

Every buyer of our stock will find his shares accompanied by a security bond, bearing 3 per cent interest, payable semi-annually. Its face value is the face value of the shares purchased. This bond absolutely guarantees the purchaser's stock against loss. The bonds are protected by first mortgages on city real estate, worth twice the value of the bond. These mortgages are deposited with the California Safe Deposit and Trust Company, as trustee—the strongest and most conservative banking institution on the Pacific Coast. This company endorses each bond, certifying that it holds ample and sufficient first mortgages to pay the bond in full. The investor is paid 3 per cent interest on the bond. A Kodak Proverb

The pleasures of recollection exceed those of anticipation or realization.

Take a Kodak on your summer's outing and the Kodak pictures when you're home again will prove our proverb's wisdom.

You can afford it. We have them 80 cents to \$28.00, a complete line of 1901 models—Eastman instruments—all practical picture-takers. Let us show them to you or send a catalog.

SAN LEANDRO

SAN LEANDRO, May 27.—The citizens of San Leandro are beginning to fear that the weather clerk has a standing grudge against them. First he sends around a few packages of frost which effectively puts the "kibbles" on the cherry crop. Then he holds off the rain until the grain and vegetables are next to ruined. And finally, when summer is coming around and Sunday picknickers are about to sally forth, he anchors a particularly juicy cloud right over this locality and turns on the faucet every Sunday. Such unjust discrimination is not to be borne with equanimity, and if the "clerk" is found it will go hard with him.

The concert to be given by the Ladies' Choral Societies tomorrow evening at U. P. E. C. Hall is being looked forward to with a great many pleasant anticipations. A final rehearsal was held Saturday evening, and splendid progress has been made.

Miss Elizabeth Rhoads of San Francisco came over to San Leandro Saturday evening and is spending a few days with Miss Minnie Margaretson.

Miss Della Mulholland of Oakland and James Mulholland of San Francisco are visiting Ex-Postmaster W. F. Marlette and family.

William Watkins has rented the Oliver place on Juana avenue.
